

Statistical educators with more than 100 citations (not-exhaustive)

Pubs: Those author publications as shown on or tabulated by Research Gate.

Reads RG: Those articles read opened on Research Gate. 0.277 correlation with Impact

Cites: Citations of author's papers tabulated by RG. 0.552 correlation with Impact

Cites per Pub is just the ratio of the two values. 0.351 correlation with Impact

Impact: Measured on a Research-Gate proprietary scale.
